

### Official Practice & Competition Schedule

**Official Practice involves a group warm-up period and one run through of your program to your music. The other skaters in your group remain practicing on the ice while your music plays, but you have right of way. The music is played in the same order as the draw. The music will start playing in order at the end of the warm-up period for your group. The group warm-up length is 3 minutes for Aussie Skate and 6 minutes for most other groups. Synchro has a choreographed warm-up program and Dance has different music and warm-up rules. Coaches do not step on the ice in an Official Practice - this allows skaters to get used to competition rules. If coaches of beginner skaters need to briefly step on the ice (e.g. for safety of a beginner or placement and direction of a beginner) please let the Announcer know first.**
